To whom it may concern:

The County of Orange has contracted all of our asphalt maintenance out for the past 10 years. Hardy and Harper has been awarded this contract through a competitive bid the entire time. They are a company that knows how to work with Public Agencies and deliver what we need when we need it. I have found their field staff and office personnel very cooperative and good to work with.

I believe for a general all around asphalt company Hardy and Harper is hard to beat. Over the years I have worked with most of the asphalt companies and in my opinion Hardy and Harper is at the top.

Anyone that is considering Hardy and Harper for their asphalt work feel free to contact me and I will show you examples of the quality of work they have done for us over the years.
